Report of Health Officer

The Health Officer investigated three complaints of sewage seepage this past year. The overall health of the community has been excellent this past year.

Through the cooperation of Joanna M. Carter, State Nurse from The Bureau of Maternal, Infant, and Child Hygiene of the N. H. State Dep't of Health, cooperating with local groups as represented through the Child Health Conference Committee, the following was accomplished.

- 3 Clinics were Held
- 39 Children examined
- 4 Children examined
- 32 Immunized for Diptheria, Pertussins, Tetanus
- 4 Vaccinated

Our sincere thanks should go to the Woman's Club of Center Harbor who provided the transportation for the children, and gave generously of their time to make this health program a success. Through such excellent cooperation in a community, helpful projects of any type can be accomplished.

All Veterans' graves were decorated in the usual manner with flags and sprays.

The American Legion and Veterans of Foreign Wars and Auxiliaries from Meredith, and other Veterans marched to Pleasant View Cemetery where respects were paid to the dead, after which a fine program was presented by the school children and a concert was given by the Center Harbor Band at the Grange Hall.

After the program, a lunch was served to all Veterans and their wives.

Secretary's Report—American Red Cross

JULY 1, 1951

There have been no special activities during the year. Members have cooperated with the county and state nurses in getting children to clinics. Balance of amount due for a dental clinic was paid; the parents paying what they were able, and a small sum donated to the school lunch program.

A form letter was sent out to some of the residents asking for donations to the relief fund for the Mississippi flood area.

Sides for the hospital bed were purchased, which is available to anyone in need of it.

Mr. Brown conducted the membership drive and also instructed a class of 14 in First Aid.

The officers elected for 1951 - 52 are:

President Mrs. Bertrice Obert
Vice President Mrs. Ethel Hughes
Secretary Mrs. Frances Chase
Treasurer Mrs. Carrie H. Kelley

Report of Forest Fire Wardens

In the past year your local forest fire organization did a very fine job of pre-suppression and suppression of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care", he is the person that builds fires anywhere, never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better", and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodland to be destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these two characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountain streams clear, your cooperation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry windy weather.
4. In all cases a written permit is required from your local fire warden.
5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your cooperation that this shameful waste of timber and money can be stopped.

SCHOOL WARRANT

To the Inhabitants of the School District in the Town of Center Harbor qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the eleventh day of March 1952, at eleven o'clock in the forenoon to act upon the following subjects:

- 1 To choose a Moderator for the coming year.
- 2 To choose a Clerk for the ensuing year.
- 3 To choose a Member of the School Board for the ensuing three years.
- 4 To choose a Treasurer for the ensuing year.
- 5 To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
- 6 To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
- 7 To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
- 8 To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

TOWN OF CENTER HARBOR

9. To see if the district will vote to authorize the school board to use the sum of one thousand two hundred and fifty dollars (\$1,250.) received from the sale of the West Center Harbor School, to pay current school expenses if necessary; any unused balance to be applied toward next year's appropriation.

Given under our hands at said Center Harbor this nineteenth day of February 1952.

September 3, 1952	16 weeks	December 19, 1952
December 29, 1952	8 weeks	February 20, 1953
March 2, 1953	7 weeks	April 17, 1953
April 27, 1953	7 weeks	June 12, 1953

Total number of school days according to above calendar is 184. The minimum allowed by State Board regulations is 180. This means that days lost due to bad weather or other causes must not exceed 4. Any days missed in excess of 4, must be made up, probably by lengthening the school term after June 12.

Time taken during the year for institutes or attendance by teachers at educational meetings, not to exceed 8 days, need not be made up.

Report of Superintendent of Schools

School Improvement

For two or three years Center Harbor has carried on an approved Type A lunch program. Our building now boasts automatic oil heat and modern toilet facilities. Thus through good nourishment and physical comfort we seek to provide better conditions for learning, and our teachers are thorough and interested in each individual's progress.

In the final analysis, however, much depends on a pupil's willingness to work. In some classes, carelessness and neglect to study seem to be the fashion. So far, teachers have not found a satisfactory way of correcting this situation, and many parents find it baffling too.

The Trend in School Enrollment

The attendance at Center Harbor has not varied much over a ten-year period. In 1946-47 it reached a high point of 67 pupils in the two rooms, and the following year the primary room showed an enrollment of 40. When Moultonboro transferred its resident pupils to their new central school, there was a slight drop in school enrollment here.

This year the primary room has 29 pupils, which does not seem too large by comparison with previous classes. However, many of the parents expect individual attention for their children and teachers try their best to provide this. For this type of instruction, a group of this size makes satisfactory progress difficult.

If the primary group needs to be made smaller, the most practical method would be to send the 8th grade, or grades 7 and 8, to junior high school at Meredith, and transfer grade 4 to the grammar room. This plan would depend upon Meredith's ability to care for more pupils, which is doubtful under the present crowded conditions there.

School Marks

A marking system is a plan for reporting to parents the work that children do in school. Teachers and other school officials differ in their opinions as to what kind of marking system is best, but we all agree that parents should have a clear understanding of how their children are succeeding in school.

TOWN OF CENTER HARBOR

The chief objection to the traditional plan of school marks is its emphasis on comparing one child with another. Whenever report cards are given out, the pupils hurry to look at each other's cards. "What did you get? I got an A!" is heard on the playground. The disappointment of the child who tried his best and only got an F is indeed hard to bear. On the other hand, the pupil who gets an A without half trying is apt to develop habits of getting by without effort.

In the primary grades, many schools have found that a visit from the parent to see the work that the child is doing, followed by a conference with the teacher, is a much more satisfactory plan than the use of a report card. Some schools are dispensing entirely with the traditional card, as well as the system of comparative marking in favor of the plan of personal conference (or possibly letters) between the teacher and the parent.

State-wide Supervision

Occasionally it seems appropriate to explain in this report the New Hampshire state plan of school supervision. To many readers this is a familiar story, but others will find it new.

In New Hampshire all public schools are supervised by a superintendent who is chosen by the local school boards and employed by the State Board of Education. With the exception of the larger cities, the superintendent serves from two to eight school districts, which make up a "supervisory union." Center Harbor is one of six towns in the Ashland-Meredith supervisory union, others being Holderness, Moul-

tonboro and Sandwich.

The superintendent's salary is paid in part by the state and in part by the local districts. Other expenses of his office, including the salary of a secretary, are paid entirely by the six districts in the union. The amount to be assessed for these purposes is determined by a meeting of the union board (all six school boards meeting together) which is usually held in December. The total union budget voted for the year 1952-53 is \$8,641. This is apportioned among the six districts on the basis of school enrollment and adjusted valuation. Center Harbor's share for the year 1952-53 is 5.6 percent of the total.

Teachers are Scarce

Fifty years ago a young man who wanted to work his way through school could stay out for a term or two and teach school to earn money. School boards did not think too much about finding teachers who were well trained—anyone who was strong in discipline would do. “Teachers are born, not made,” was a common saying.

Today, parents are not content to have an unqualified teacher for their children. To be a teacher, one must have either a college degree or some experience in teaching. The most crucial problem of public education today is that of providing our children with teachers who are well qualified. Not enough teachers graduate from our state teachers colleges each year to fill the positions that are open, and this shortage is nationwide. New Hampshire loses each year 100 or more of its teachers to other states that offer better salaries.

Two of the best ways to halt this trend and to set about holding our good teachers in New Hampshire, as well as recruiting young people to enter the profession, are to pay adequate salaries based upon a definitely established salary schedule and to provide satisfactory conditions of employment. Therefore, the State Board of Education has suggested that local school boards act at once to develop a salary schedule or guide for their school system. Those school boards which have already developed and adopted salary schedules can testify to their value and improved morale-building results.

In many districts, including Center Harbor, the school board has adopted a salary schedule which provides an increase of about \$100 a year for teachers who are doing satisfactory work. Under such a schedule, a beginning salary of \$2400 for a teacher with a bachelor's degree is suggested. If similar schedules can be adopted throughout the state, more young people can be induced to enter the profession.

ALMON W. BUSHNELL

Physical examinations by school physician—52

Defects found:

Tonsils and Adenoids	2
Ears	5
Heart	4
Teeth	15
Glands	2
Orthopedic	16
Vision	5
Posture	4

The routine weighing and measuring were done the first of the school year.

In the next few weeks I hope to have the use of the Maico to check the hearing of the children.

Vision tests have been very nearly completed with the use of the Massachusetts Vision machine and the Snellen Chart.

The second Monday of every month there is the orthopedic clinic to which we are taking groups. Some of the children have exercises shown them and I do hope the parents will cooperate by encouraging these to be done every day.

Vitamin A and D capsules are being supplied to the local school children by the Woman's Club and the Red Cross. I am pleased so many are taking advantage of these.

Respectfully submitted,

AMY L. BROWN, R.N.
